Professional Summary

Junior developer with expertise in React.js, JavaScript (ES6+), HTML, and CSS. Proficient in building scalable web applications and integrating back-end systems using Node.js and MongoDB. Experienced in streamlining workflows with Flowable BPM and solving complex problems using modern web development tools. Eager to contribute to collaborative development teams delivering impactful solutions.

PROJECT

GoFood | *HTML, CSS, Javascript, Bootstrap, MongoDB, Reactjs* **Aug 2022**

- Developed a user-friendly food ordering platform using ReactJS, allowing users to browse a wide range of food categories and make informed choices.
- Implemented order management features with ReactJS, enabling users to track and manage their order history, enhancing user experience and engagement.
- Enhanced the user interface and functionality using ReactJS to create a more intuitive and interactive experience.

NewsMonkey | *HTML, CSS,Bootstrap JavaScript,ReactJS* **Dec 2024**

- Built a responsive news aggregator with React.js, integrating REST APIs to fetch dynamic content.
- Implemented Redux for state management and infinite scrolling for seamless navigation.
- Enhanced accessibility and user engagement with a fully responsive design.

PROFESSIONAL EXPERIENCE

FIS Global **June 2022 – Present**

Software Engineer-1 *Gurgaon, India*

Flowable Modeler

* Integrated Flowable BPM solutions into existing systems, enhancing workflow automation and increasing operational efficiency by 30%.
* Designed and implemented the workflows using Flowable, streamlining business processes and boosting productivity by 20%.
* Troubleshot and resolved issues in Flowable-based applications, ensuring smooth operation and reducing downtime by 15%.
* Optimized existing workflows, leading to a 15% increase in organizational efficiency.
* Provided technical support and best practice guidance on Flowable implementation to team members, resulting in a 15% improvement in overall team capability.

SKILLS

* **Programming Languages:** JavaScript (ES6+), C++
* **Front-End Development:** HTML, CSS, React.js, Redux, Context API, React Router, Hooks
* **Databases:** MongoDB, MySQL
* **Back-End Development:** Node.js, Express.js, REST APIs
* **Version Control:** Git, GitHub
* **Methodologies:** Agile
* **Operating Systems:** Linux/UNIX, Windows
* **Other Tools:** TeamCity

EDUCATION

Dayananda Sagar Academy of Technology & Management **july 2018 – July 2022**

B.E (Computer Science Engineering) *Bengaluru, Karnataka*

ACHIEVEMENTS

- Earned gold badge in C++ at HackerRank
- Solved 500+ problems on LeetCode/GFG/HackerRank
- Awarded a bronze medal in archery at the national level and a gold medal in basketball.
- Received NCC "A" certificate.
