CHAND BABU

Front End Developer | React Developer | MERN Developer | Fullstack Developer

jafri.nbj@gmail.com 9142395786 Linkedin Github

SUMMARY

Driven front-end software developer with almost **2 years of hands-on experience** in **React**, complemented by proficient knowledge in **backend** technologies such as **NodeJS**, Rest API, and **MongoDB**. Proven track record of delivering high-quality, responsive web applications. Passionate about creating seamless user experiences and optimizing code for performance.

EXPERIENCE

Software Engineer
e2eHiring Pvt Ltd
12/2023 – present | Bangalore, IN
***e2eHiring* is an exclusive program designed to enrich the lives of young talent by accelerating their professional all-around development.**

Software Developer Intern
DIATOZ: Digital A to Z Solutions
08/2023 – 12/2023 | Bangalore, IN
DIATOZ Solutions is the leading provider of IT solutions for global clients.

PROJECTS

Project 1 - ComplyX
- **Designed and Developed ComplyX Web Application**: Applied atomic design principles to create a modular and scalable architecture.
- **Code Quality and Best Practices**: Wrote clean, maintainable, and efficient code, ensuring adherence to coding standards and industry best practices.
- **Front-End Style Guides and Component Libraries**: Created and maintained comprehensive front-end style guides and component libraries, promoting consistency and efficiency in the development process.
- **Skills: React, Redux, HTML, CSS, TypeScript, Git, Material UI, Ant Design, Bootstrap**

Project 3 - E2E Workforce Web Chat Application
- **Developed a Feature-Rich Chat Application**: Built a real-time communication platform using Socket.IO, supporting group, private, and channel messaging.
- **AI Chat Assistant**: Users can chat with the AI assistant to get instant help, ask questions, or perform tasks, making the workspace more efficient.
- **Dynamic Channel Management**: Implemented dynamic channel creation and deletion features, enhancing scalability and user experience.
- **Optimized User Interaction**: Integrated smooth scrolling functionality for seamless navigation through large message threads, improving overall user engagement.
- **Skills: React, Redux, HTML, CSS, TypeScript, Git, Material UI, Socket.IO, Bootstrap**

Project 2 - e2eHiring
- **Developed Responsive Web Applications**: Built web applications using React to enhance user experience across multiple devices with seamless responsiveness.
- **Collaboration with UI/UX Designers**: Worked closely with UI/UX designers to translate design concepts into interactive prototypes, ensuring an optimal and intuitive user experience.
- **Front-End Issue Resolution**: Troubleshot and debugged front-end issues promptly, delivering quick resolutions to minimize downtime and user impact.
- **Code Optimization and Refactoring**: Identified opportunities to optimize and refactor the existing codebase, enhancing performance, maintainability, and scalability.
- **Skills: React, HTML, CSS, JavaScript, Bootstrap, Git, Context API, Redux, Material UI, Socket.IO**

E2E Mentorship
Technologies Used: NextJs, TypeScript, Scss, context-Api, mui
12/2023 – 12/2023
- **Developed a Dynamic Web Application**: Utilized Next.js, a React framework with server-side rendering, to enhance performance and SEO optimization.
- **Efficient Routing and Data Fetching**: Leveraged Next.js's built-in routing and data fetching features to streamline navigation and improve data retrieval efficiency.
- **Skills: Next.js, Redux, Scss, JavaScript, Git, Material UI**

SKILLS

ReactJS | Redux | ES6 | CSS | Express | NodeJS | MongoDB | JWT | TypeScript | Material UI | Bootstrap | Scss | API | JavaScript | Rest API | Routing | HTML

HARD SKILLS

- Testing
- Command Line Troubleshooting
- CSS Preprocessing

EDUCATION

Bachelor of Science
Bareilly College
07/2017 – 05/2020 | Bareilly, IN

LANGUAGES

English

Hindi

VOLUNTEERING

e2e Mentorship Program
e2eHiring
2024
The e2eHiring Mentorship Program is an outcome-based learning program designed to guide and assist students and working professionals in their career progression
- Mentored mentees and job seekers to prepare them for the job market
- Provided support to help them develop their skills, practice interviewing techniques, and network

TEACHING ASSISTANT

FunctionUp
04/2023 – 08/2023 | Bengaluru, India
- Assisted in teaching React.js and JavaScript to students.
- Delivered lectures and provided clear code solutions.
- Reviewed assignments and offered constructive feedback to help students improve.
- Supported students in understanding complex concepts and building their coding skills.
