EDUCATION

- B.TECH. Computer Science Engineering, Nagpur University, Nagpur, 2024
- Diploma, Computer Science Engineering, Somayya Polytechnic, Chandrapur, 2020
- X, BBC High School, Chandrapur, 2017

TECHNICAL SKILLS

Language and Frameworks/Libraries: Javascript, NodeJS, ExpressJS, JSON, Jquery, VueJS.
Databases: SQL, MongoDB, Redis.
Developer Tools: Visual Studio Code, Postman, Mongo Compass, Git, Jira.

PERSONAL DETAILS

Address: Chandrapur, Maharastra
Languages Known: English, Hindi, Marathi.
Date of Birth: 27th July 2002

INTERESTS

Team Player, Helping hand, Problem Solver, Strategic Thinking.

PROFILE SUMMARY

Passionate Node.js Backend Developer focused on creating scalable, high-performance applications. Eager to contribute to innovative projects in a collaborative environment while continuously enhancing skills and driving impactful results.

WORK EXPERIENCE

Aug '2023 to Present: Software Developer - Node.js at Aarrsol Digital Private Limited
Key Result Areas:

- **Integrated Third-Party APIs:** Integrated multiple third-party APIs (IRCTC, RedBus, Travelport, hotel vendors) for seamless travel and accommodation services with robust error handling and response merging.
- **API Response Optimization with Redis:** Optimized API responses using Redis caching to reduce latency, enhance performance, and lower operational costs.
- **Code Optimization and SQL Query Improvement:** Improved code maintainability and performance through refactoring and optimized SQL queries, reducing execution time for high-traffic applications.
- **Implemented Pinia with Vue.js**: Integrated Pinia with Vue.js for efficient state management, ensuring smooth backend-frontend communication in large-scale applications.

Project Name: Dreasyfly
Project Link: https://www.dreasyfly.com/agent/general/index

Aug'2022 to Apr'2023: Junior Software Engineer at Sara Solutions
Key Result Areas:

- **Agile Development:** Applied Agile methodologies for project management, using sprints to break down tasks and manage time efficiently.
- **Api Management:** Build RESTful APIs and handle routing, middleware, and error management using **CodeIgniter (CI)**. Learn to integrate Database **SQL** (MySQL) applications.
- **Authentication & Authorization:** Learn how to implement authentication mechanisms to secure any applications.
- **Error Handling:** Understand how to handle errors properly, including using middleware for global error handling.

EXTRACURRICULAR ACTIVITIES

- **Dance Competition:** Took part in the 2017 Interschool Dance Compition and won 1st Prize.
- **Quiz Competition:** Took part in the 2019 Inter College Quiz Compition.
