SUMMARY

Experienced React.js and React Native Developer with skills in front-end development, state management using Redux, and backend integration with Firebase and REST APIs. Proficient in building responsive apps using Material UI, Tailwind CSS, and adding real-time features like tracking, notifications, and analytics. Also experienced with Flutter and Java Spring Boot. Focused on delivering fast, scalable, and easy-to-maintain solutions.

TECHNICAL SKILLS

- React JS
- HTML,CSS,JavaScript
- Next JS
- Flutter
- React Native
- TypeScript
- React testing library
- Spring Boot - Java

EXPERIENCE

Zimbs Technology LLP.
Software Developer **Feb 2023 - Present**

- At ZIMBS TECHNOLOGY LLP, as a Senior Software Developer, I worked on various projects including Croux (temporary staffing solution), CQ Nexus (exam and paper management), Orchid (transport solution for crude oil), and Number App (dating app).
- I gained experience with a range of technologies such as React.js, Next.js, React Native, Flutter, Java Spring Boot, .NET, and more.
- Additionally, I led teams, managed project workflows, and mentored interns, helping them grow in their roles.

PROJECTS

Croux **April 2024 - Present**

- Developed a **React Native** app connecting vetted talent with hospitality gigs, implementing **Redux** for state management and **background location tracking.**
- Integrated **Microsoft Clarity**, **Firebase**, and **OneSignal** for analytics and notifications. Also created a **Next.js** website with **Tailwind CSS** for responsive design.

CQ Nexus **June 2024 - Present**

- Built a modular system in **React.js**, using **Material UI (MUI)** for clean UI design. Enabled diverse question creation (e.g., multiple choice, detailed) and an exam delivery module. Integrated **CKEditor** for question editing, with role-based access control.

ZT Valuation **Oct 2024 - Present**

- Developed the front-end of a company valuation platform in **React.js**, Implemented state management using **Redux** for efficient data handling. Designed and styled UI components with **MUI** for a modern, accessible interface. Integrated **Formik** for optimized form handling and validation.

EDUCATION

- **M**ech**. I**n **B.T**ech **- S**waminarayan **C**ollege of **E**ng & **T**ech, **K**alol,**G**andhinagar
- **M**ech**. I**n **D**iploma **- S**waminarayan **C**ollege of **E**ng & **T**ech, **K**alol,**G**andhinagar
