AXAY PATANVADIYA

Laravel Developer

9664957351 axay661@gmail.com www.linkedin.com/in/axay-patanvadiya-101250296 Vadodara

SUMMARY

I am an experienced Laravel and Vue.js developer with over 4 years of expertise in creating web applications using technologies like Laravel, Vue.js, jQuery, MySQL, and PostgreSQL. I have transitioned into data science, gaining 7 months of experience in machine learning and deep learning, where I utilized Python and Flask to develop intelligent applications. My strong problem-solving skills and teamwork abilities enable me to deliver scalable solutions that meet evolving business needs.

Third-party API integration.

- Razorpay payment gateway

Employee Management

Webmyne Systems Pvt. Ltd.

05/2022 - 05/2023 Vadodara

The system provides a contract-based platform for managing contractors. The admin can create multiple contractors, and each contractor can create multiple contracts (sub-contracts). These contracts can then hire multiple workers. The admin has complete control over all contractors and contracts, including the ability to approve, reject, and log activities.
Contractors can select machines and machine safety devices for work assignments. Workers have the option to take advance payments, and contractors can determine salaries based on workers' attendance.

Portal me

Rigel Networks Pvt Ltd

01/2021 - 04/2022 Vadodara

Social media application providing a portal for users.

- Developed a social media app using REST API
- Created an admin panel using Laravel and jQuery
