Intermediate (Class XII) 2017 - 2018
Maa Tripur Sundari Public School. Lalapur, Jigna, Mirzapur U.P Grade: 57.0%

Matriculation (Class X) 2015 - 2016
Maa Tripur Sundari Public School, Lalapur,Jiigna, Mirzapur U.P Grade: 83.6%

EXPERIENCE

Front-end Developer October 2023 - Present
Apcomp Infotech *Noida*
Over more than 1 year of experience crafting and maintaining web UIs with HTML, CSS, JavaScript, and React. Expertise in cross-browser compatibility, performance optimization, and seamless integration with back-end systems.

PROJECTS

E-Commerce App, (Demo) December 2024

- Developed and maintained the e-commerce platform
- Implemented features like search filters and product sorting
- Built a real-time order tracking system
- Implemented secure user authentication

Tech Stack: React JS, Redux, React Router DOM, React Icons, Tailwind CSS, Git/GitHub

Swigy Clone, (Github) (Demo) March 2024

- Developed a functional clone of Swiggy's online food delivery platform.
- Created an intuitive and visually appealing user interface.
- Engineered a seamless order placement system with a user-friendly checkout process.

Tech Stack: React JS, React Context API, Redux, React Router DOM, React Icons, Local Storage, Styled Components, Material UI, Git/GitHub

Movie Review Website, (Github) (Demo) June 2023

- Developed a fully responsive movie review and rating website similar to IMDb.
- Implemented user login and signup authentication with OTP and password encryption using bcrypt.
- Integrated Firebase for database management and user authentication.
- Enabled users to post and view movie reviews with timestamps and user names.
- Utilized React JS and Tailwind CSS for front-end development.

Tech Stack: React JS, Tailwind CSS, Firebase

CERTIFICATIONS

Namaste React Bootcamp., NamasteDev.com (Link) November 2022

- Have good hands on **NextJs**, **React,** and third party libraries involving projects created on ReactJS.
- Have a good hold on **Redux-toolkit** and complex state management.

SKILLS

Computer Languages: TypeScript, Java, JavaScript, CSS, HTML **Software Packages:**
Mongo DB, MySQL, React, Tailwind, Bootstrap, Redux **Soft Skills:** Communication
