- Cascading Style Sheets (CSS)
- Bootstrap
- Git
- GitHub
- Tailwind CSS
- Figma
- OOPS
- RESTful APIs
- Mongodb
- MySQL
- SQL

INTERESTS

- Dancing
- Sports

OBJECTIVE

Expertise in building scalable web applications using MERN optimizing performance, and implementing best coding practices for seamless user experiences.

PROJECTS

Password Manager Application
Developed a responsive and user-friendly password manager application that enables users to securely save, view, edit, and delete their website credentials (website, username, and password). Key features include:

CRUD Operations: Implemented Create, Read, Update, and Delete functionalities for password management.
Unique Identification: Utilized UUID for generating unique identifiers for each credential entry.
Local Storage: Ensured data persistence by storing all user information in the browser's local storage.
Styling: Designed an intuitive and visually appealing interface using Tailwind CSS.
Libraries: Integrated popular libraries like Toastify for notifications, Lordicon for animated icons, and others to enhance the user experience.

EXPERIENCE

18/December/2023 - Present

Mern Stack Developer
Xapotech Systems (P) Ltd.

E-commerce Website
Optimized web app performance by minimizing unnecessary re-renders with React.memo and useMemo while using useCallback for efficient function handling. Implemented Lazy Loading and Code Splitting with React.lazy() and Suspense to enhance speed. Managed global state efficiently using Context API with useReducer. Boosted API performance with Debouncing & Throttling (Lodash). Integrated WebSockets for real-time updates and HOCs for reusable logic. Ensured scalable routing with express.Router() and centralized error handling with middleware. Used async/await for smooth asynchronous operations. Styled with Tailwind CSS & Styled Components for responsiveness. Designed clean, maintainable, and high-performance applications.

ACHIEVEMENTS & AWARDS

- Gold Medalist in B-Tech
- Gold Medalist in Dance
- Winner in Football

EDUCATION

2018 - 2022

B-Tech
