SUMMARY

Web Developer with experience in React.js, JavaScript, and the MERN stack. Skilled in building responsive and user-friendly web applications and committed to delivering high-quality web solutions in a collaborative environment.

TECHNICAL SKILLS

Frontend Development: HTML, CSS, JavaScript (ES6+), React.js, Tailwind CSS, SCSS, AJAX, Redux, Context API.

Backend Development: Node.js, Express.js, RESTful APIs, MongoDB, Firebase, Core Java**.**

Design & Prototyping: Figma, UI Design, GSAP, Responsive Web Design, Asynchronous Programming.

Development Tools & Version Control: Git, GitHub, Postman, NPM, Render, Vercel, VS Code.

Additional Skills: Cross-Browser Compatibility, Team Collaboration, Debugging, Code Optimization, Agile Development.

EDUCATION

RGPV University, Bhopal, Madhya Pradesh **August 2020 – July 2024**
Bachelors of Technology in Computer Science (B.TECH Computer Science) CGPA : 7.56

Sanjeev Higher Secondary School, Gwalior, Madhya Pradesh **March 2019 – May 2020**
Intermediate in Science (Madhya Pradesh Board) Percentage : 83%

EXPERIENCE

Freelance Frontend Developer | Shift Code Labs **December 2024 – Present**

- Designed and developed front end for a real estate website, Integrated REST APIs and improved user experience by 20%.
- Optimized application performance by splitting of code, well-organized state management and achieved 25% improvement in page load speed through code optimization and lazy loading.
- Spearheaded integration efforts with backend team to improve features and enhanced search functionalities, and directly contributing to a smoother browsing experience for approximately 5,000 prospective clients monthly.

Web Developer Intern | Unified Mentor Pvt. Ltd **October 2024 – December 2024**

- Collaborated on two distinct projects, focusing on developing functionalities, responsive design and firebase data storing.
- Implement pixel-perfect UI designs using React.js and Tailwind CSS, improving 25% user engagement metrics.
- Contributed to debugging web applications and refining code, reduced bug resolution and development time by 15%.

Web Developer Trainee | Internshala **June 2023 – August 2023**

- Programmed and optimized dynamic web pages using React.js and CSS, and ensuring mobile responsiveness.
- Partnered with a team of 4 developers to implement features, enhancing overall user engagement by 25%.
- Tested and debugged code, identifying and resolving 15+ issues, improving site functionality and user experience.

PROJECTS

StudyNotion (Ed-Tech Platform) Link

- Engineered a comprehensive e-learning platform, using MERN Stack with interactive and mobile-first user interfaces.
- Built a scalable backend with Node.js and MongoDB, reducing database query latency by 20%. Customized RESTful APIs to enable secure and efficient user authentication and manage user data, courses, and progress tracking.
- Gained 15% enhancement in components by code splitting, efficient state management, reusable component and lazy loading.

DelightsCate (Catering Booking and Reservation System) Link

- Created a catering booking and reservation system, increasing user engagement by 20% through real-time booking updates.
- Executed state management using Redux, enhancing app performance and scalability by implementing reusable components, minimizing 30% load times through code optimization.
- Coded a user-friendly dashboard for customers and admins to manage orders, improving workflow efficiency by 25%.

Personal Portfolio Website Link

- Created a personal portfolio website using React.js, Tailwind CSS, and Framer Motion for smooth animations.
- Highlighting portfolio, skills, and projects in web development. Integrated resume download feature, Achieved responsiveness.
- Executed a feedback feature with email notifications, enhancing user interaction and boosting communication by 40%.
