ARYAN CHOUHAN

React js Developer

8561809711 aryan8sirohi75@gmail.com https://www.linkedin.com/in/aryan-chouhan-558830243 Ahmedabad,Gujrat

SUMMARY

Developer with experience in creating and enhancing user interfaces using React.js and modern JavaScript. Comfortable with state management through Redux and integrating APIs effectively. Able to translate design ideas into responsive and functional web applications. Familiar with front-end development tools and committed to writing clean, maintainable code. A collaborative team member focused on delivering user-friendly solutions.

SKILLS

Programming Languages:

JavaScript (ES6+), HTML, CSS, SQL

Frameworks and Libraries:

React.js, Next.js, Bootstrap, Material UI, Chakra UI, Nest js

Tools:

Redux Toolkit, Firebase, Webpack, Babel, Git, GitHub, GitLab, MySQL, NPM

Soft Skills:

Time Management, Team Collaboration, Communication, Adaptability, Critical Thinking

PROFESSIONAL EXPERIENCE

Software Engineer

Microlent Systems 02/2023 - 12/2024 Jodhpur

- Developed and maintained high-quality web solutions using React.js and Next.js.
- Committed to delivering high-quality web solutions.
- Skilled in creating dynamic and efficient web applications.
- Focus on enhancing user experiences.

EDUCATION

Master of Science in Computer Science

Vardhaman Mahaveer Kota University
01/2021 - 03/2023 Kota

Bachelor of Computer Applications

Lachoo Memorial College
07/2017 - 10/2020 Jodhpur

PROJECTS

Duct Architect

React, MySQL, JWT, Node.js: Developed the frontend of the project using React, ensuring a responsive and user-friendly interface.

Topvabor

React, HTML, Bootstrap, Responsive Design, Node.js, MySQL: Built 'Topvabor' car rental project using React for the frontend, ensuring a responsive and dynamic user interface.

DSL elektronica

Next.js, MySQL, API Integration, Database Setup: Implemented Next.js for DSL Elektronika projects, ensuring
efficient and dynamic web applications.

Traders hub

Next.js, React, API Development: Implemented robust features in the application, enabling users to execute
tradesseamlessly

Prestige

Integrated RESTful APIs and implemented state management with Redux Toolkit in a React.js application, optimizing performance and ensuring seamless data flow.

Prestige Admin Pannel

Integrated RESTful APIs into an admin panel for Prestige, using React.js to manage state and handle data-driven functionality.

foundershub.ai

Next.js, React, API Integration: Developed and integrated RESTful APIs to enable seamless event management. Engineered scalable features and personalized user interactions while leveraging Redux for optimized state management and performance.
