PROFESSIONAL SUMMARY

Proactive and detail-oriented **Front-End Developer** with over **2.2 years** of hands-on experience in creating modern, user-centric web applications using **React.js**. Skilled in **state management**, **testing methodologies**, and implementing **clean code practices**. Strong ability to collaborate with teams and deliver optimized, scalable solutions while adhering to industry standards.

TECHNICAL SKILLS

- **Front-End:** React.js, JavaScript, HTML, CSS, TailwindCSS
- **Back-End:** Node.js, REST APIs
- **DevOps & Tools:** Docker, Git, GitHub, Webpack
- **Testing Tools:** Jest, Unit Testing
- **Version Control**: Git, GitHub, Azure DevOp
- **Languages:** English, Marathi, Hindi

WORK EXPERIENCE

Software Developer
Laminaar Aviation Infotech Pvt. Ltd., Mumbai | Nov 2022 – Present

- Designed and developed responsive web pages using **HTML**, **CSS**, and **JavaScript**, aligning with client requirements.
- Collaborated with teams to integrate **APIs**, improving user experience.
- Conducted regular code reviews, providing constructive feedback to enhance code quality.
- Estimated project timelines and monitored progress using **Scrum methodology**.
- Implemented **micro-frontend architecture** to improve application scalability.

Key Project: Common Admin (React.js)

- Leveraged **Redux** for efficient state management and implemented unit testing using **Jest**.
- Boosted form loading efficiency through **lazy loading** and **React Suspense**.
- Enhanced application performance by optimizing the build process using **Webpack**.
- Addressed rendering issues between parent and child components using **React Router Outlet**.
- Used **TailwindCSS** to design visually appealing and reusable UI components.

PROJECTS

My Trello

- **Technologies**: React, ContextAPI, React Feather Icons & React Tiny Popover, dnd, Tailwind CSS
- **Description**: A Trello-inspired project management app built with React, featuring customizable boards, task management, and responsive design. Key features include creating and editing boards, organizing tasks, and planned drag-and-drop support. Styled with Tailwind CSS and powered by React Context API for state management.

CryptoChronicle

- **Technologies**: React, Redux, Chart.js, Tailwind CSS, WebSocket, Material-UI, CoinCap API
- **Description**: Developed a responsive and feature-rich cryptocurrency dashboard to track real-time and historical data for various cryptocurrencies. The application includes interactive charts, dynamic tables, and a light/dark theme toggle for enhanced user experience.

EDUCATION

Post Graduate Diploma in Advanced Computing (PG-DAC)
CDAC, Mumbai | Mar 2022 – Sep 2022

- Gained expertise in technologies like **React.js**, **JavaScript**, **Spring Boot**, **Microsoft .NET**, **Data Structures**, and **Databases**.

Bachelor of Engineering (Instrumentation & Control)
Savitribai Phule Pune University | KBTCOE-Nashik | 2017 – 2021
