EXPERIENCE

Nagarro Software Pvt Ltd, Gurugram, Haryana, India **Jan 2022 - Present**
Software Developer

- Expertise in React, Node.js, and TypeScript for various web development projects.
- Implemented user interface screens using React.js for a fashion design website, improving user retention by 15%.
- Developed and maintained Node.js applications, ensuring optimal performance and scalability.
- Collaborated closely with cross-functional teams to achieve project goals and meet deadlines.
- Utilized Power Apps and Power Automate for streamlined processes and workflow optimization.
- Designed and implemented business flows and workflows to enhance productivity.
- Designed a food ordering app using React and Tailwind CSS, which reduced page load time by 30%.
- Contributed to the success of NDA and Intranet projects by delivering effective solutions.
- Professionally trained in Java and Advanced Java by industry experts, with a strong proficiency in building scalable applications.

PROJECTS

Advanced Email Editor | *Next.js, React.js, Tailwind CSS, Firebase, Craft.js*

- Designed and implemented a user-friendly email editor for creating and customizing email templates with drag-and-drop functionality.
- Added real-time preview and responsive design features to ensure high-quality output across devices.
- Integrated support for user-insertable HTML and AI-generated content suggestions to enhance user engagement and efficiency.
- Implemented an image editor for in-editor manipulation, including cropping, resizing, and enhancements.
- Facilitated seamless integration with ESPs like Mailchimp and SendGrid for direct email sending.
- Enabled export functionality for downloading email templates for external use.

Food Ordering App (Food Villa) | *React.js, Tailwind CSS*

- Developed a food ordering app with features like search, add to cart, and real-time order tracking.
- Designed a responsive, user-friendly interface using Tailwind CSS.
- Optimized performance and scalability through efficient React.js implementation.
