WORK EXPERIENCE:

Software Developer at Technoartz | February 2024 – Present

CAREER OBJECTIVE:

"**Software Developer** with **1.1 years of experience** in **Full Stack Development**, skilled in **Java and React JS.** Looking to apply coding skills in a team and gain more hands-on experience in software engineering."

TECHNICAL SKILLS:

Frontend Frameworks:
- React JS

Backend Frameworks:
- Spring Boot, Spring MVC, Hibernate, JDBC, Spring Security

Languages:
- Core Java, Java 8+

API Development:
- RESTful API, Microservices

Web Technologies:
- HTML5, CSS3, Bootstrap 4, JavaScript

Database Management:
- SQL, MySQL

Tools
- Visual Studio Code, Spring Tool Suite 4, Postman, Eclipse, Git

EDUCATION QUALIFICATION:

Degree	College/Board / University	Year of Passing	Percentage/ CGPA
B.Tech.(CSE)	PAHSU Solapur University	2024	9.66
Diploma In Computer	Shriram Institute of Engineering & Technology (Polytechnic), Paniv	2021	81.14%
S.S.C.	Shree Babir Vidyalaya Rui, Indapur	2018	83.80 %

PROJECTS:

1. i2ispecialist Technologies Website (Technoartz)
Front End Developer | Aug 2024 – Dec 2024

Project Overview:
Created a responsive front-end with student reviews, demo lectures, and job openings using ReactJS, HTML5, CSS3, and JavaScript. Focused on user-friendly design, cross-device compatibility, and smooth navigation while working with teams to meet business goals.

2. Sai Krupa Financial Services (Technoartz)
Back End Developer | Feb 2024 – Aug 2024

Project Overview:
Designed and implemented the backend of a loan management system using Spring Boot and MySQL. Ensured secure data management with JWT authentication, streamlined client-staff allocation, and efficient handling of loan processing and administration. Focused on scalability, performance, and seamless integration with the React frontend for real-time updates.

3. Voice-Based Email Using AI (Academics Projects)
Front End Developer | Aug 2023 – April 2024

Project Overview:
Developed a voice-based email application that allows users to send and read emails through voice commands. Designed the user interface using HTML, CSS, JavaScript, and Bootstrap, and collaborated with backend developers to ensure effective integration of voice commands.

4. Online Hall Booking System (Academics Projects)
Web Developer | Aug 2020 – April 2021

Project Overview:
Developed a web application for managing hall bookings, inventory, and records. Features include user management with role-based access, real-time booking updates, comprehensive inventory tracking, and an admin panel for user management and detailed report generation.

PERSONAL DETAILS:

- **Date of Birth**: 18th Dec 2003.
- **Gender**: Female
- **Language Proficiency**: English, Hindi, Marathi.
- **Nationality:** India
- **Marital Status:** Single
