EXPERIENCE

TATA CONSULTANY SERVICES LTD — DEC 2021 – Nov 2024

- Developed scalable and reusable components in React, utilizing state and props for efficient data management and performance optimization, contributing to interactive user interfaces.
- Collaborated with UI/UX designers and product managers to deliver user-friendly, visually appealing web applications that enhanced user engagement and satisfaction.
- Implemented responsive design principles and ensured cross browser compatibility, providing a seamless user experience across multiple devices and platforms.
- Integrated RESTful APIs and third-party services to enhance application functionality, streamline data management, and support real-time data fetching.
- Contributed to the development of a streaming media platform by optimizing front-end performance using React.js and implementing server-side rendering with Next.js, improving load times by 40%.
- Conducted performance audits using tools like Lighthouse, identifying bottlenecks and reducing bundle size by 30%, significantly improving load times and overall performance.
- Actively participated in Agile development processes, including sprint planning, daily stand-ups, and retrospectives, enhancing team collaboration and improving project delivery timelines.

EXPERIENCE

VAICS CONSULTING LTD — Nov 2024 – Present

- Designed and implemented reusable React components for HRMS and LMS applications, enhancing code maintainability, scalability, and efficiency.
- Developed responsive and user-friendly interfaces using CSS frameworks and media queries, ensuring seamless functionality across mobile, tablet, and desktop devices.
- Implemented secure JWT-based authentication and authorization systems, safeguarding user data and managing role-based access control for HRMS and LMS platforms.
- Streamlined workflows and optimized user experiences by designing intuitive interfaces and enhancing usability for employees, learners, and administrators.
- Collaborated with backend teams to integrate APIs, enabling efficient management of features like employee records, leave tracking, learning modules, and progress tracking.

CERTIFICATIONS

- Certified React Developer by Udemy.
- Accredited Agile Software Development Professional by LinkedIn.
- AWS Cloud Certification from Amazon.
