OBJECTIVE

Full Stack Developer with 2.5 years of experience building scalable web applications using React.js, Node.js, PostgreSQL, and REST APIs. Experienced in end-to-end feature delivery, Agile sprints, and cross-functional collaboration. Seeking a mid-level Full Stack Developer role to drive product growth and performance.

EDUCATION

Post Graduate Diploma in Advanced Computing Mar 2024 – Aug 2024
CDAC - Pune

Bachelor of Technology Aug 2019 - June 2023
Rashtrasant Tukadoji Maharaj Nagpur University

SKILLS

Technical Skills	React.js, JavaScript, HTML5, CSS3, Node.js, Express.js, REST APIs, Redux, Context API
Database	PostgreSQL, MySQL, MongoDB
Tools & Practices	Git, GitHub, Postman, Jira, GitHub Copilot, Agile, Scrum, Responsive Design, RBAC
Soft Skills	Problem-Solving, Adaptability, Collaboration, Effective Communication

EXPERIENCE

Full Stack Developer Oct 2024 – Present
Encubate Tech Pvt. Ltd. (FlexC) *Pune, Maharashtra*

- Developed 10+ reusable React.js components with Redux for FlexC's platform, improving UI consistency across 3 product modules.
- Built the BuyMyEV frontend from scratch with scalable architecture, reducing page load time by ~25% through optimized state management.
- Designed 5+ tournament modules for WPBL (registration, scheduling, live scoring, RBAC, Autosave) serving 500+ concurrent users.
- Integrated Node.js REST APIs with PostgreSQL; collaborated in Agile sprints using Git and Jira, delivering features across 10+ sprint cycles.

Full Stack Developer Jun 2023 – Feb 2024
PearlStone Technologies *Pune, Maharashtra*

- Built and updated responsive UI pages using React.js, HTML5, CSS3, and JavaScript based on project requirements.
- Integrated 8+ REST APIs for backend connectivity and resolved 20+ UI bugs, improving usability and reducing reported issues by 30%.
- Collaborated with cross-functional teams using Git for version control and code reviews.

PROJECTS

WPBL – World Pickleball League Platform *React.js, Redux, Node.js, PostgreSQL, REST APIs*
Engineered scalable tournament modules with workflows for registration, scheduling, drafts, RBAC, and live scoring. Delivered across 10+ Agile sprints with optimized API usage and efficient state management for 500+ users.

CERTIFICATIONS AND ACKNOWLEDGEMENTS

- CDAC Certified - PG Diploma in Advanced Computing.
