Professional Summary

Backend Developer with 3.5+ years of experience in PHP and Laravel, delivering scalable web applications and RESTful APIs. Strong expertise in MySQL, query optimization, API integration, and backend architecture. Hands-on experience with NetSuite integrations and AWS-based systems.

Technical Skills

Backend: PHP, Laravel, REST API, API Integration

Database: MySQL, PostgreSQL, MongoDB, Query Optimization

ERP: NetSuite Integration

Frontend: JavaScript, AngularJS

Tools: AWS (S3, RDS, CloudWatch), Git, Postman, Jira

AI Tools: GitHub Copilot, ChatGPT, Cursor

Professional Experience

Software Engineer (PHP Laravel Developer)

GrowErr, Ahmedabad

May 2023 – Feb 2026

- Engineered scalable backend systems using PHP and Laravel to support enterprise applications.
- Designed RESTful APIs enabling seamless workflow automation and third-party integrations.
- Established role-based access control (RBAC) to secure multi-user environments.
- Orchestrated NetSuite and Stripe integrations for financial operations and payment processing.
- Accelerated query execution by optimizing complex SQL statements and database interactions.
- Improved application performance and responsiveness through backend refinements.
- Administered AWS services (S3, RDS, CloudWatch) for monitoring and storage.

Junior Software Engineer

GrowErr, Ahmedabad

Jul 2022 – Apr 2023

- Delivered backend features using Laravel and MySQL for business-critical modules.
- Enabled API communication between backend and AngularJS frontend components.
- Revamped legacy code and streamlined queries to enhance system efficiency.

Software Engineer Intern

GrowErr, Ahmedabad

Jan 2022 – Jul 2022

- Contributed to backend module development and API enhancements.
- Investigated and resolved bugs to maintain application stability.

Web Developer

BeFriends-HAZHTeq

Aug 2021 – Nov 2021

- Supported PHP-based feature development and frontend updates.
- Assisted in database operations and deployment readiness.

Key Project

Enterprise Distribution Management Platform

Laravel, NetSuite, MySQL, AngularJS, AWS

- Delivered a centralized system handling orders, billing, shipments, and reconciliation workflows.
- Structured onboarding processes with RBAC-driven configurations.
- Integrated NetSuite for financial data synchronization and reporting.

Education

B.E. Computer Science

2018 – 2022

Maharaja Sayajirao University of Baroda

Diploma in Computer Engineering

2015 – 2018

Government Polytechnic, Porbandar
