UI/UX Designer with 1.5+ years of experience delivering user-focused, intuitive digital products across SaaS, real estate, fintech, and e-commerce platforms. Proven ability to lead end-to-end design from user research and wireframing to high-fidelity prototypes and developer handoff reducing friction and improving usability and workflow efficiency across 3+ live products

| Work Experience

Amilek Consultancy Solution | UI/UX Designer Intern → Junior UI/UX Designer *Jan 2025 - Present*

- Started as UI/UX Designer Intern, grew into Junior UI/UX Designer at Amilek Consultancy Solution
- Led end-to-end UI/UX design across 3+ live client projects in SaaS, Health, Cybersecurity and e-commerce from user research and wireframing to prototyping and developer handoff reducing turnaround by 30%.
- Built and maintained a design system of 60+ components, cutting repetitive design work by ensuring consistency across all active projects.
- Conducted user research with 10+ participants, creating personas and empathy maps that directly shaped information architecture and navigation across 2 platforms.
- Collaborated cross-functionally with developers, internal stakeholders, and external clients managing 3, 4 feedback cycles per project and performing UI QA across health and cybersecurity platforms to ensure pixel-accurate delivery.

| Skills

Design Skills

Wireframing, High-Fidelity Mockups, Interactive Prototyping, User Flows, Responsive Design, Design Handoff, Usability Testing, Design Thinking, Iterative Design, Empathy Mapping, User Persona, User Research, Qualitative & Quantitative Research, Information Architecture

Soft Skills

Team Collaboration, Communication, Critical Thinking, Problem Solving, Curiosity, Creativity, Empathy, Analytical Thinking, Attention to Detail, Open to Feedback

| Projects

PhonePe - UI/UX Case Study

Analysed PhonePe's payment user journey, identified 6 key friction points, and documented UX improvement recommendations focused on accessibility, trust, and seamless transaction experience for India's digital payments ecosystem.

Furniverse - UI/UX Case Study

Designed 30+ high-fidelity screens for an end-to-end furniture shopping app, focusing on visual hierarchy, intuitive navigation, and consistent component usage to simplify product discovery and improve user satisfaction.

Uber - UI/UX Case Study

Conducted a UX audit of Uber's ride-booking flow across web and mobile, identified 5 usability gaps, and delivered 3 redesign recommendations to improve clarity, accessibility, and overall user experience.
