PROFESSIONAL SUMMARY

Experienced Mobile App Developer with over **8 years** in the industry, with specializing in Android and cross-platform development. Proficient in **Java (3+ years)**, **Kotlin (8 years)**, and **Flutter (5+ years)**, **iOS (1.5+ years)** with a strong focus on building efficient and scalable applications. Skilled in Android Development (Kotlin), MVVM & Clean Architecture, Jetpack Components, Secure Mobile App Development, Android Security Best Practices, REST APIs, Data Analysis Concepts, Scalable Architecture, Platform-Level Design, Performance Optimization.

PROFESSIONAL EXPERIENCE

Sr. Android & Flutter Developer

Jaraware Infosoft 📍 Ahmedabad, India

📅 04/2025 - Present

- Experience in building Android and Flutter apps for healthcare. Developed Ayka Care, healthcare for booking appointments and managing health records.
- Skilled Implemented secure app architecture using Android Keystore, Encrypted Shared Preferences, and secure network configurations. Applied MVVM and Clean Architecture for scalable, maintainable code.

Sr. Android & Flutter Developer

Netclues India 📍 Ahmedabad, India

📅 12/2022 - 03/2025

Developing mobile applications and POS systems

- Developed a POS app tailored for the restaurant, hospitality, and retail industries, focusing on comprehensive POS software
- Collaborated with cybersecurity teams to identify vulnerabilities and implement countermeasures against malware, MITM attacks, and data exfiltration.
- Conducted secure code reviews and ensured compliance with Google Play policies and privacy regulations.
- Used Kotlin, Jetpack Compose, Room, Retrofit, Firebase, Coroutines, and CI/CD pipelines for robust application delivery. Applied **Android security best practices**, including obfuscation, Proguard, and anti-tampering techniques.

Sr. Android & Flutter Developer

ITCC Digital – INDIA 📍 Ahmedabad, India

📅 09/2021 - 12/2022

Engages in mobile application development and testing

- Participated in the analysis, design, implementation, and testing of new applications
- Developed mobile apps using Flutter, Java, and Kotlin
- Designed and implemented Bluetooth Low Energy (BLE) communication in Android apps for real-time data exchange with IoT devices. Integrated background Bluetooth scanning services to support wearable and health monitoring devices.
- Diagnosed performance issues and resolved bugs to improve app functionality and user experience

KEY ACHIEVEMENTS

❖ Cross-Platform Application Development

Successfully developed and deployed multiple high-quality cross-platform applications using Flutter, enhancing operational efficiency across various industries.

SKILLS

Kotlin | Java | Dart | C++ | Swift | HTML |

Android SDK | Jetpack Compose | MVVM |

Clean Architecture | Flutter | iOS | Secure

Mobile App Development | Social Data

Analysis | Cybersecurity Awareness |

RxJava | Retrofit | OkHttp | GraphQL |

SQLite | Room | Hive | Firebase |

Coroutines | WorkManager | LLM

(OpenAI/Gemini) | IoT | AWS | Gradle |

CI/CD Pipelines | Unit Testing | Proguard

| GitHub | GitLab | Jenkins | SDLC |

Performance Optimization | Accessibility

Support | Play Store Deployment | App

Lifecycle Management | Dependency

Management | App Size Optimization

EDUCATION

B.E. - Computer Engineering (7.88 CGPA)

Gujarat Technological University

📅 04/2014 - 06/2018 📍 Ahmedabad, India

HSC (Science) (87.95 %)

GHSEB

📅 04/2012 - 03/2014 📍 Ahmedabad, India

SSC (97.59 %)

GSEB

📅 05/2011 - 03/2012 📍 Ahmedabad, India

Android Developer

Frenzin Software 📍 Ahmedabad, India

📅 09/2019 - 09/2021

Focused on native Android application development

- Built and enhanced Android applications using Kotlin and Java
- Contributed to architecture and design decisions for new product features
- Collaborated with cross-functional teams to optimize performance and user experience on Android platforms
- Wrote clean, maintainable, and well-documented code
- Played a key role in the entire SDLC for multiple mobile app

Android Developer

Talent Fiver 📍 Ahmedabad, India

📅 11/2018 - 09/2019

Contributed to client-based mobile application projects

- Developed Android applications using the Android SDK, including location connectivity components
- Responded to client requirements by delivering practical and scalable app solutions
- Collaborated with team members to ensure timely and efficient app delivery
- Conducted thorough testing to ensure optimal app performance and stability

Android Developer

Apollo Softech 📍 Ahmedabad, India

📅 06/2018 - 11/2018

Focused on mobile application design and development

- Specialized in Java SDK functionality, covering the full Android activity lifecycle
- Maintained clear and organized development documentation
- Gained experience with back-end integration and cross-functional communication
- Implemented Git version control and collaborated effectively with the team

PORTFOLIO

MX POS

Developed a mobile point-of-sale application enabling seamless billing, inventory management, and payment processing for retail businesses with real-time data synchronization.

Ai Coin Master

Ai Coin Master is the ultimate demo app for new users to learn and practice cryptocurrency trading. Designed for beginners, this app offers interactive tutorials, AI-guided trading simulations, and progress tracking tools to help you master the basics of crypto trading in a risk-free environment.

AstroCaller - Online Astrologer

AstroCaller is your one-stop solution for astrology consultations, remedies, and personalized guidance. Connect instantly with expert astrologers via call, chat, or video call, and get insights about your life, love, career, and destiny.

Folkara

Folkara HRMS Suite is an all-in-one platform designed to simplify and streamline human resource management for modern organizations. Whether you're managing a growing workforce or optimizing HR operations

Ayka Care

AYKA Care is your one-stop healthcare platform designed to make doctor consultations easy, fast, and accessible. Whether you need to book an in-clinic appointment or consult online with a specialist, AYKA Care brings quality healthcare to your fingertips.
