PROFESSIONAL SUMMARY

Results-driven senior full-stack software developer and team lead with 6+ years of experience architecting scalable web solutions for international clients. Proven expertise in custom plugin and theme development, eCommerce platforms (WooCommerce, Magento 2, Shopify, PrestaShop, OpenCart), and LMS solutions (LearnDash, LearnPress, BuddyBoss). Skilled in PHP frameworks including Laravel, CakePHP, and Symfony. Adept at leading cross-functional teams, optimizing site performance, and delivering high-quality products on time. Passionate about clean code, robust architecture, and continuous improvement.

KEY ACHIEVEMENTS

- Led and managed international development teams of 3–8 developers, consistently delivering projects on time and within scope.
- Architected 20+ custom WordPress plugins and themes, reducing client operational costs by automating workflows.
- Optimized site performance, achieving a 40%+ improvement in page load speed through caching, CDN integration, and database query optimization.
- Successfully integrated 10+ payment gateways (Stripe, PayPal, Razorpay, etc.) across eCommerce platforms.
- Deployed and managed 15+ production servers on AWS, DigitalOcean, and Azure with CI/CD pipelines.

PROFESSIONAL EXPERIENCE

Senior WordPress Developer & Team Leader
